In Case You Missed It: A Discussion About E-Cigarettes

Vapes, e-cigarettes, JUUL. These devices go by many names but one thing is for sure, they are raising many questions for public housing staff and residents.

On last month's Connect Call we invited Elyse Levine-Less from the Tobacco Free Alliance to join us for a discussion about e-cigarettes and considerations for allowing or prohibiting their use in public housing. The recording is available now.

What is a Connect Call? A Connect Call is a monthly live discussion and Q&A on HUD's smoke-free public housing rule hosted by Clean Air for All. Get answers to your questions about the rule, resident engagement, cessation resources, compliance, and enforcement. Connect Calls are intended for PHA staff, resident services, and resident leaders. Public health advocates are welcome.
