Each year in June we join HUD's Office of Lead Hazard Control and Healthy Homes to celebrate Healthy Homes Month. This year's theme, "Healthy Housing for All", highlights the importance of safe and healthy living; no matter your address, and stresses the importance of home maintenance.

This National Healthy Homes Month focuses on:

- Raising awareness of the importance of home maintenance and the impact on health.
- Educating the public about free local resources available.
- Encouraging implementation of online activities and events in targeted communities.

**A healthy home is a smoke-free home!  
Happy Healthy Homes Month 2020!**
